lic relations of DePauw, will speak to
the student body at the freshman

fessor of comparative literature at
DePauw and long a familiar campus
figure, will speak at the Tuesday
convocation. The subject of his address
will be "Our Changing Education."
The first worship chapel of the
week will be held Wednesday in the
Memorial church with Dr.
E. Wildman presiding. Music
will be presented the Thursday
evening with John Adams playing the
piano and Donna Kluck at the piano.

NET LANDS PLANE IN AUTOMOBILE PARKING LOT

STOCKTON, Cal., Sept. 27.—(UP)—
Army air corps officials today
said the problem of what to do with
the plane of Vinson Wieser of Hamilton,

was so certain that the
plane could not afford the loss of his
training ship, that he dis-
posed of it last night and refused
to fly out when he became lost over
the coast.

What he did then made the
officials raise their eyebrows
in surprise through their teeth in
astonishment.
He landed the ship in a parking lot
with the automobiles of a foot-
bal crowd. He didn't scratch the
car or one of the hundreds of
others.

Scorns Citizens Who Preach Fear

**PRESIDENT PROMISES FULL
PROTECTION FOR AMERICAN
MERCHANT MARINE**

WASHINGTON, Sept. 27.—(UP)—
President Roosevelt, scolding
Americans "who preach the gospel
of fear," today promised full pro-
tection against attack for the American
merchant marine as he bade good-
speed to 14 new ships which slid
down the ways of shipyards of all
coasts in the largest mass launching
since the first World War.

The President's address, transcribed
in advance and then played for
shipyard workers and launching
guests at Pacific, Atlantic and the
Gulf shipyards, was the high spot
of "Liberty Fleet Day," sponsored by
the U. S. maritime commission in
observance of the first launching of
the 312 new emergency type liberty
cargo ships.

"We Americans as a whole," the
President said, "cannot listen to
those few Americans who preach the
gospel of fear—who say in effect
that they are still in favor of free-
dom of the seas but who would have
the United States tie up our vessels
in our ports."

"That attitude is neither truth-
ful nor honest."
"We propose that these ships sail
the seas as they are intended to. We
propose to the best of our ability,
to protect them from torpedo, from
shell or from bomb."

His brief address was first made
public at 6 a. m. (EST) when a
transcription of his remarks was
played for guests and workmen at-
tending the launching of the G-2 cargo
vessel, The Surprise, at the Ches-
ter, Pa., yards of the Sun Shipbuild-
ing and Drydock Co. It later will be
reproduced for similar gatherings at
shipyards on both coasts and the
Gulf.

Will Turn Back Clocks Tonight

**CITY TO RETURN TO CENTRAL
STANDARD TIME AT 1 A. M.
SUNDAY**

Citizens of Greencastle will turn
their clocks back one hour tonight
so as to be on Central Standard Time
tomorrow morning. Daylight Saving
or "fast time" will officially end in
this city at 1 a. m. Sunday.
Daylight time has been in effect
here throughout the summer in con-
junction with the national defense
program. But, with the arrival of
the fall season, the return to slow
time is in order and will eliminate
the confusion that has existed due
to DST.

D. M. ANDERSON IS KILLED IN AUTO WRECK

**WELL KNOWN FORMER LOCAL
MAN FATALITY INJURED
AT STAUNTON, VA.**

SON OF MRS. N. T. ANDERSON

**Victim Had Many Friends In Green-
castle. Formerly In Business
In Detroit**

Mrs. Nellie T. Anderson received a
message early Saturday morning, an-
nouncing the sudden death of her
son, Dorsey Mead Anderson, in an
automobile wreck at Staunton, Va.,
where he was employed. The mes-
sage came to Dr. C. C. Tucker, and
gave no further details.

Mr. Anderson had been employed
in Staunton for the past two years
for the Investors Syndicate. Prior
to that time he was in business in
Detroit, where he made his home for
several years. Before going to
Staunton, he spent some time here
with his mother on Elm street.

Mr. Anderson was the only child
of D. M. Anderson and Mrs. Ander-
son. The father died a number of
years ago from an attack of typhoid
fever contracted on a boat between
Detroit and northern Michigan. Many
others were ill from the disease from
the same trip, some being from
Greencastle. He was manager of the
old Cole Brothers Lightning Rod
Factory here.

Dorsey Mead was born and reared
in Greencastle. He was educated in
the city schools and DePauw Uni-
versity and will be well remembered
here by many friends.

Mr. Anderson was married about
twelve years ago, but his wife died
suddenly while they were living in
Detroit. One daughter survives. She
is residing with an uncle, Harry
Evans at Crown Point, Indiana.

MOSCOW REPORTS SUCCESSES

**Soviet Radio Asserts Marshal Vor-
oshilov Inflicts Losses On Nazis
In Counter-Thrusts**

BERLIN, Sept. 27.—(UP)—Mil-
itary informants said today that the
Russian army in the Ukraine was en-
gaging in a series of counter-attacks
to feel out German strength and de-
termine the points at which a new
German drive could be expected.

In one of the new specific German
admissions that a winter campaign
in Russia was now assured, a mili-
tary spokesman told the official news
agency:
"Even if the season is already most
advanced everybody realizes that
even during the winter relaxation of
pressure against Soviet troops by
the German army can not be expect-
ed."

Military quarters said the "anni-
hilation" of Russians in the Kiev-
Poltava pocket continued and that
the gigantic claimed total of prison-
ers—574,000 according to last night's
special high command communique—
was still increasing.

MOSCOW, Sept. 27.—(UP)—Radio
Leningrad asserted today that Mar-
shal Klementi Voroshilov had thrown
new forces into the defense of Len-
ingrad with the result that many
German regiments had been crippled
or destroyed in counter-attacks.

BUDAPEST, Hungary, Sept. 27.—
(UP)—Newspaper dispatches report-
ed today that Stuka dive bombing
planes and artillery had completely
destroyed the Yugoslav town of
Uzice, on the Belgrade-Sarajevo rail-
road as the result of persistent guer-
rilla activities.

20 "COMMUNISTS" KILLED BY NAZI FIRING SQUADS

BERLIN, Sept. 27.—(UP)—The
Brussels Zeitung, German language
newspaper published in Belgium,
said today that 20 "communists,"
held as hostages, were executed in
reprisal for attempts to bomb Ger-
man transport trains and French
trains in northern France Thursday.
The newspaper said an armed
band, undoubtedly composed of Com-
munists, had stolen a large quantity
of explosives from a dump in north-
ern France Tuesday night and the
attempts to blow up trains followed.
The executions were approved by
the German military governor of
Belgium and northern France, the
newspaper added.

Slayer Of Four Doomed To Die

**'KNIFEY' SAWICKI, CALM AT
VERDICT, DEMANDS LAWYER
PAY GRIM WAGER**

CHICAGO, Sept. 27 (UP)—A
Criminal Court jury convicted Bern-
ard "Knife" Sawicki, 19 years old,
confessed killer of four persons, of
first degree murder and sentenced
him to the electric chair.
The jury of seven women and five
men deliberated an hour and ten
minutes and voted the death penalty
on the fifth ballot.

Sawicki had admitted slaying four
persons during a crime spree last
June, but he was tried and convicted
for the death of Policeman Charles
Speaker who interrupted him during
the robbery of a couple whose auto-
mobile he had commandeered.

Sawicki, who remarked that his
crimes came "as easy as eating ice
cream cones," maintained the cool
defiance which he had shown
throughout his five-day trial when
the jury foreman announced the
death sentence.

His first reaction was to turn to
Joe Lelivert, chief bailiff in the
courtroom and remark:
"I told you I'd burn. You lose, give
me the pack (of cigarettes)."

INJURED IN WRECK

Howard McClellan of Stilesville,
was admitted to the Putnam county
hospital Friday evening for treat-
ment due to injuries suffered in an
automobile accident. According to
reports received here a truck pulled
out in front of Mr. McClellan's car
near Belleville Friday evening, caus-
ing a crash. The accident occurred
while Mr. McClellan was enroute to
his home from Indianapolis, where
he is employed.

TEMPERATURE 42

A temperature of 42 early this
morning was the lowest yet for this
season and was a chilly notice that
winter is on its way. A light frost
was reported yesterday morning,
when the temperature was four de-
grees higher, but, this morning "no
frost" was reported from a farm
home which overlooks creek bottom
fields, where the frost would have
been visible if there had been any.

RUSSIA WILL GET FLOOD OF TANKS, PLANES

**BRITAIN WILL BEAR HEAVIEST
LOAD, LONDON REPORT
DISCLOSES**

PROMISE HUNDREDS MONTHLY

**Great Britain And United States Al-
so Promise Many Other Mater-
ials For War Defense**

LONDON, Sept. 27.—(UP)—On
the eve of the Moscow tri-power
conference, reliable American sour-
ces disclosed today that Britain and
the United States have agreed to
meet Soviet requirements for planes,
tanks and raw materials almost to
the full limits of Moscow's ex-
ensive requests.

As a result, Britain and the
United States, beginning almost
immediately, jointly will deliver sev-
eral hundred warplanes and several
hundred tanks to Russia monthly.
The democracies, moreover, have
undertaken to provide a substantial
volume of raw materials for Russia's
war machine.

Despite their own shortages, it
was stated, they—notably Britain—
will send Russia such presently pre-
cious commodities as aluminum. The
United States, now producing 91-
000,000 tons of steel annually to the
rest of the world's 90,000,000 tons, is
expected to ship Russia certain
types of steel for armaments. The
democracies, furthermore, have as-
sured Moscow they will supply num-
erous other commodities ranging
through rubber, tin, cotton, wool,
jute and shellac.

According to a well-informed
American source, Britain will make
far greater sacrifices than the Uni-
ted States in rushing a steady flow
of supplies to Russia. According to
a reliable review of the situation, it
was estimated that in practice Bri-
tain will provide the Russians with
about five units of urgently needed
weapons for each unit the United
States offers.

It seems that only in the supply of
aviation gasoline is America gen-
erously helping the Russians.

According to an American source,
the British government decided to
fulfill one-half of Soviet import re-
quirements for the replacement of
planes and tanks. The British as-
sumed that the United States would
supply the other half.

In both planes and tanks the Uni-
ted States reportedly agreed to de-
liver "almost the other half," but
with a joker attached stipulating
that most of these weapons are to
be deducted from those due for de-
livery to Britain.

Navy On Verge Of War No. 2 - Knox

**SECRETARY SAYS U. S. NAVY
MAY BECOME BELLIGER-
ENT AT ANY MOMENT**

WASHINGTON, Sept. 27.—(UP)—
Secretary of the Navy Frank Knox
said today the position of the United
States in the war might be changed
at any moment to belligerency de-
pending on "the will of our avowed
enemies."

"The United States stands today
on the threshold of World War No.
2," Knox wrote in the foreign com-
merce weekly, a communique depart-
ment publication.

"In this position, which at the
will of our avowed enemies may be
turned at any moment to belliger-
ency, it is imperative that we take
every necessary measure to preserve
our foreign commerce and the lives
of our merchant seamen from de-
struction by commerce raiders."

He again called for repeal of "the
various neutrality acts," saying they
are "a continued obstacle in the way
of successful aid to those countries
upon which our future so depends."

SANDWICHING IN THE VITAMINS

Did you ever think about what really grand vitamin-carriers the
sandwiches are that you pack each day for your children's school
lunch or your husband's lunch box?To begin with, good white bread made with enriched flour not
only provides heat and energy, but it also offers some of the necessary
vitamins and iron. Then when you spread this bread with butter and
cheese, you are also adding more vitamins. Or you may make an
egg sandwich . . . or a carrot and celery salad . . . a peanut butter
and ground peanut and carrot sandwich. All of these . . . made with
care and packed just as carefully . . . can be wonderfully delicious and
nutritious. Father and the children will eat them with zest . . . bliss-
fully unconscious that they are downing food which is "terrifically
good for them".

Made and Packed With Care

You'll notice that I said "made and packed with care". That's
important. The bread should be cut thin . . . and in attractive shapes,
triangles, etc. If they are for small children, use cookie
cutters to make hearts or animal shaped sandwiches.
The butter should be spread over the entire surface of the bread.
The butter is creamed first it will not only spread more quickly
and easily, but I think you will find that it will "go further". There
should be plenty of filling and that, too, should cover the entire surface
of the bread.Wrap each sandwich separately in waxed or oiled paper. If possible
use the two daily sandwiches different. I mean two different fillings.
Use one white bread sandwich and one dark bread sandwich.Variety Adds to The Appetite Appeal of Sandwiches
Variety adds a lot to the appreciation of these daily sandwiches.
Fortunately it's easy to achieve this variety because there are so many
different fillings as well as breads that can be used. Here are a few:

SANDWICH FILLINGS FOR THE CHILDREN'S SCHOOL LUNCHES

Chopped spinach and peanut butter with a bit of salad dressing.
Ground carrots and ground peanuts with enough salad dressing
to moisten.
Ground carrots, diced celery and chopped nuts with salad dressing.
Raisins and figs moistened with orange juice and perhaps some
nuts added.
Ground cabbage and ground peanuts moistened with salad dressing.
Hard cooked eggs, chopped and moistened with mayonnaise or
cream.
Cream cheese moistened with cream and mixed with chopped
parsley or watercress.

SANDWICH FILLINGS FOR YOUR MAN'S LUNCH BOX

Ham, cheese and mustard on rye bread.
Swiss cheese and thinly sliced onion.
Minced ham and mustard pickles.
Sliced olive, deviled ham and mayonnaise.
Sliced chicken and ham.
Liverwurst and chili on rye bread.
Ground meat (ham, tongue, beef or pork), chopped celery, chopped
sweet pickle and mayonnaise.

Fruit Bread Sandwiches Don't Need Filling

When you've exhausted all the sandwich fillings, you know, there's
still a big variety of breads to fall back upon. These need no fillings
at all, except perhaps cream cheese or cottage cheese or peanut butter
which has been moistened with hot water to make it spread more easily
and taste less dry.

If You'd Like The Recipes For These Breads

I'll be glad to send you a selection of these breads . . . including
Whole Wheat Prune Bread . . . Walnut Tea Loaf . . . Date and Nut
Bread . . . Banana Nut Loaf . . . Orange Nut Loaf and others.
Simply send your request to me, Betty Crocker, in care of this
newspaper and include a three cent stamp for postage.

MEMORIAL

The sun must set on life's longest day.

To rise in beauty and glory bright When our friend who has gone away, Dwells in a land unshadowed by a night.

Our friend, Maurice E. Steward, passed into this land "unshadowed by a night" on the evening of Sept. 19, 1941.

He was born on Sept. 22, 1854, had he lived until tomorrow he would have been 87 years of age.

He was the only son of William and Sarelida Steward, born near Brooklyn, Ind., in a family of seven children, of whom two sisters survive: Laura and Ida Steward of New Maysville, four sisters have preceded him in death.

He joined the Methodist church in Morgan county when a young man, has ever lived a conscientious Christian life.

On Dec. 28, 1879 he was married to Louella C. Yager. To this union were born five children, Clarence E. of Bainbridge, Cuning H. of Indianapolis, Edmon at home, Clyde of New Maysville and Hazel, wife of Ray Graham of Bainbridge, Ind.

On Oct. 5, 1895, his wife and mother of these children passed away. After her death Mr. Steward took these children and came to the home of his father and mother in New Maysville, where he lived for a little more than three years, he then took his three sons and Edmon, had a home with them for several months, Hazel, the youngest remained with her grandparents for awhile.

On June 7, 1899 he was married to Mary G. Algood. She came into this home and filled the place of mother for more than twenty years. The family was attending a reunion at Mooresville, Ind., when she suffered a stroke, was taken to the home of a cousin where she passed away on Sept. 6, 1919.

After her death, Edmon gave up her work of deaconess and settlement worker to be home to care for her father. This duty she faithfully performed as only a loving daughter can do.

In Feb. 1911 he came into our community to his home just north of Fillmore.

He has ever been a good neighbor and friend, honesty was his best policy. His friends will remember him as a Christian who always held God's laws, his laws, Sundays were to be kept as holy days, to be a day of rest and worship.

Only one time, during his life of four score and seven years, was he in a doctor's care, until last February, since that time his health failed rapidly.

Some of the happiest days was when his children and grandchildren were in his home.

His oldest grandson, Cleon Steward, passed away more than two years ago.

He leaves to mourn for him these five children, one son-in-law, three daughters-in-law, five grandchildren, two great granddaughters, two sisters, other relatives and many friends.

Life! I know not what thou art, But know, that thou and I, must part; And when, or how or where we meet, I own, to me, is a secret yet. But this I know, when thou art fled Where'er they lay these limbs, this head,

No clod so valueless shall be As all that then remains of me. Life! We have been long together, Through pleasant and through cloudy weather,

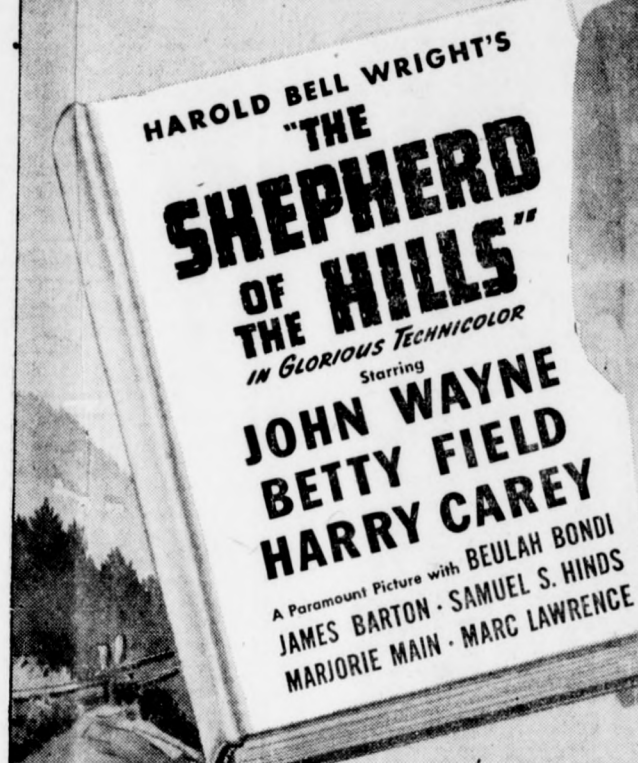

'Tis hard to part when friends are dear;

Perhaps 'twill cost a sigh—a tear— Then steal away, give little warning, Choose thine own time;

Say not good night, but in some brighter clime Bid me—good morning.

THE SCREEN WILL HOLD NO GREATER THRILL FOR YOU!

At last...in all its power and glory...the novel that burned itself into the hearts of 8,000,000 Americans bursts onto the screen as the most dramatic Technicolor picture of the year!
